Amazon Ecopark Lodge 3 nights

Amazon Ecopark Lodge on one bank of the Tarumã Açu river, a 30-minute boat ride from the hotel Tropical Manaus pier. It is a preserved 1.800 ha area in the middle of the jungle. At the Amazon Ecopark many scientific projects are developed with monkeys, as well as sustainable forest use experiences and environmental education.

Duration time: 4 day(s), 3 night(s)

Departures on: Sunday, Monday, Tuesday, Wednesday, Thursday, Friday, Saturday

Program:

1st day - MANAUS - AMAZON ECOPARK – Arrival at Manaus airport. Reception and transfer to hotel. At the Check in will be served regional juice. Lodging and typical dinner. Night tour in canoe with alligator spotting. Depart lodge in paddle or motorized canoes, to appreciate the sounds of the jungle at night, with the possibility to spot small alligators (or other nightly creatures). Alligators are spotted because their eyes shine like small red lights, once the alligator is spotted by the guide spotlight.

2nd day - AMAZON ECOPARK – Breakfast and trail hiking. Regional lunch. Visit to a “caboclo” family (inhabitant of the area). Depart the lodge in paddle or motorized canoes, accompanied by a Bilingual guide to learn about the traditions and customs of local Amazonians (“Caboclo’s”). Duration: it may vary according to the place visited. The tour continue in paddle or motorized canoes, to Fishing of piranhas and other species, depending on season). It is a non-professional fishing. Dinner.

3rd day - AMAZON ECOPARK – After breakfast, depart the lodge in regional boats. During this day tour, guests will have the opportunity to see one of the highlights of the Amazon : “The Meeting of the Waters” where the black waters of the Negro River and the brown waters of the Solimões River meet and run together for miles without mixing until they finally merge to form the actual Amazon River. Lunch will be served at a typical restaurant. Guests will also visit a rubber plantation and learn the art of extracting latex from the rubber tree and the process of curing it. The guide will explain about the rubber boom period in the Amazon during the beginning of the century. Sporadically grey and pink river dolphins can be seen in the river during this tour. Return to the lodge at 5:30 PM. Dinner.

4th day - AMAZON ECOPARK - MANAUS – Breakfast, visit to the “Monkeys Jungle”. A rehabilitation center for primates brought to this local by IBAMA when confiscated from illegal sales and exports. At this location, primates are initially kept in quarantine in order to be evaluated and treated by veterinarians and biologists. After a period of time, primates are reintroduced to the jungle. During the years that this project has been in action, a twice a day food program was developed feed the primates, (always at 11:00 a/m and 05:00 p/m). During the feeding process, this area is opened to visitors under the supervision of guides and specialized staff. Check out and transfer to the airport.
